POWER!

“We believe every individual has a desire to make something for fun or work. It is essential for us to honor that passion. We all know people create incredible things through PCs that they built themselves. Our power supplies give people the energy to give them a voice to share their passion”.

MASTERWATT LITE 400/500/600/700

Stock Landing 26th January

MSRP: £34.99 - £54.99

Advanced Circuit Design

Active PFC + PWM combined with dual forward topology and double EMI filter enhances power output efficiency and increases the performance and stability of your system

Exclusive Silent Fan

Cooler Master's 120mm HDB temperature control fan can operate more smoothly without friction, which makes it quiet and more

Green Power

Green power supply certified by ErP 2013 Lot6 (system stand by lower than 0.5W, and 5V stand by lower than 45% transferring efficiency)

MasterWatt Lite

MASTERWATT 550/650/750

MSRP: £69.99 - £89.99

80 PLUS Bronze Certified

The 80 PLUS Bronze certification guarantees that MasterWatt delivers an average efficiency of 85%.

Durable LDB Bearing Fan

Cooler Master 120mm Silencio FP fan combines sealed LDB bearings with quiet fan blades offering a long lifetime of quiet cooling.

Semi-Fanless up to 15% load

MasterWatt Operates at 0dB under 15% load. Experience noise-free basic computing.

Dual Forward and DC-to-DC Circuit Design

The Dual Forward and DC-to-DC circuit design offers reliability and stability. This is especially significant in +3.3V and +5V outputs.

More Conductive PCI-e Cables

The MasterWatt uses 16AWG cables for PCI-e cables. Less resistance and better efficiency, providing you a safer user environment.

MASTERWATT

Semi-fanless Modular
80 PLUS Bronze Certified Power Supply

V SERIES

MSRP: £89.99 - £179.99

Silent and Dustproof

Cooler Master's 135mm Silencio FP fan that is optimized for low noise operation comes with FDB bearing offering IP6X dust protection

LLC+DC-DC Topology

For maximum efficiency and stable voltage

Full Modular design

Use only the cables you need, no unnecessary cable mess. Modular Flat-Ribbon cables make routing and hiding cables a breeze.

V SERIES

PERIPHERALS

“Peripherals are the accessories with direct human interaction through physical and visual. The mission to allow users to make their own gaming experiences through customization of hardware and software. Make It Yours!”

MH320

MSRP: £34.99

BOOM MICROPHONE

With bi-directional capsule to ensure no calls or instructions are missed in game.

INLINE MAKES IT EASY

No more fiddling with keyboard controls or desktop toggles - with controls right on the cable, it's never been easier to mute yourself when your mom or significant other walks in yelling that your dinner's getting cold.

CLOSED-BACK DESIGN WITH LEATHER EARCUPS

Providing passive noise isolation for better listening immersion.

PRO-GRADE SELF-ADJUSTING HEADBAND

Self adjusting headband suspended by durable and flexible steel frame to ensure a comfortable fit for any size or shape head.

Voice Chat with Crystal Clarity

MASTERPULSE MH320

RGB MOUSEPAD

MSRP: £28.99

BRAIDED CABLE FOR ADDED DURABILITY

The RGB Hard Gaming Mousepad is designed to last, and that includes the cable. It's fully braided, so you can connect your mousepad to your PC without worrying about wearing out the cable.

RGB ILLUMINATION

Nine vibrant preset light animations and effects ensure you can personalize your mousepad to match your hardware or other RGB gear.

ELIMINATE SLIPPAGE

Don't worry about your mouse pad inconveniently slipping in the heat of battle. Five large rubber pads on the bottom maximizes grip and eliminates slippage during those intense firefights.

OPTIMIZED SURFACE

It isn't all about looks - the RGB Gaming Mousepad is also optimized for peak performance. A textured, low-friction surface is specially designed and calibrated for the precision of optical and laser mice sensors. The result is a mousepad that performs as well as it looks

MASTERAIR 410P

Custom Colors

With a sturdy MasterFan 120 Air Balance RGB, MasterAir MA410P is ready for more than 16.7 million color options and fun effects to play with

Continuous Direct Contact Technology 2.0 (CDC 2.0)

By compressing heat pipes together, there is 45% more surface area on the cooler base, providing improved heat dissipation over the previous version, CDC 1.0

Precise Combination of Air Flow and Heatsink

The stacked fin array ensures the least amount of airflow resistance allowing cooler air into the heatsink. The patented X-vents and Air-Guide steer extra ventilation to the hottest spots

Snap and Play

Intuitive fan bracket design makes upgrading and removing the fan a breeze

In Stock
MSRP: £39.99

MASTERAIR MA610P

CDC 2.0

Excellent heat dissipation with 6 heatpipes and Continuous Direct Contact 2.0 technology.

Dual MasterFan RGB

Push and pull dual MasterFan MF120R RGB fans to maximize CPU cooling with plenty of color while doing it.

Unique Top Cover Design

Creative RGB LED logo design with additional light strips on the top cover for aesthetic customization.

Wired RGB LED Controller

The Controller allows customizable colors and effects for the fans and top cover with just the touch of a button.

ML120L RGB

MSRP: £59.99

Stylish Radiator

Custom design low resistance radiator allows higher flow rate, heat exchange efficiency and provides unmatched cooling performance.

Air Balance Fan

Aside from having perfect balance of airflow and air pressure to exhaust air through the fins and out of the case, the MF120R RGB fan uses a silent driver IC that smoothens fan operation to reduce fan clicks and vibrations.

Silence. Performance.
RGB. All-in-One.
